

Cervical Pillows Market Growth Analysis With Investment Opportunities For 2024-2033

*The Business Research Company's
Cervical Pillows Global Market Report
2024 – Market Size, Trends, And Global
Forecast 2024-2033*

LANDON, GREATER LONDON, UK, July
26, 2024 /EINPresswire.com/ -- The
[cervical pillows market](#) has

experienced robust growth in recent
years, expanding from \$3.96 billion in

2023 to \$4.17 billion in 2024 at a compound annual growth rate (CAGR) of 5.4%. The growth in the historic period can be attributed to the increased prevalence of neck and cervical spine disorders, e-commerce expansion, increased studies on spinal alignment and neck support, and increased interest in alternative bedding options.

Strong Future Growth Anticipated

The cervical pillows market is projected to continue its strong growth, reaching \$5.18 billion in 2028 at a compound annual growth rate (CAGR) of 5.6%. The growth in the forecast period can be attributed to growing awareness about the importance of proper neck support for spinal health, occupations involving prolonged sitting

or repetitive neck movements increase the risk of neck pain, increasing demand for supportive pillows, rising healthcare costs, increasing online availability and convenience of purchasing cervical pillows.
