BIRMINGHAM , ALABAMA , USA, July 29, 2024 /EINPresswire.com/ -- The Alabama Mesothelioma Victims Center says, "If your loved one worked at a foundry anywhere in Alabama before the early 1980s and they have recently been diagnosed with mesothelioma or asbestos exposure lung cancer please call the lawyers at Birmingham based Environmental Litigation Group anytime at 866-714-6466. "Thousands of Alabama residents work in the steel, iron or fabrication industries and it has been like this for a long time. Before the early 1980s foundries or steel mills in Alabama were made with asbestos, the furnaces were insulated with asbestos, even some of the workers were required to wear clothing made with asbestos. For some people who worked at a foundry or mill in Alabama asbestos exposure was routine or even a daily occurrence.

"If your loved one is a current or former foundry-mill worker with mesothelioma or asbestos exposure lung cancer anywhere in Alabama please call the lawyers at the Birmingham based Environmental Litigation Group anytime at 866-714-6466. They have our endorsement and our recommendation."
