

Almana by Muhammed El Sepaey Wins Gold in A' Architecture Awards

Muhammed El Sepaey's Innovative Hospital Design Recognized for Excellence in Architecture, Building and Structure Design Category

COMO, CO, ITALY, July 29, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [architecture](#) design, has announced Almana by [Muhammed El Sepaey](#) as the Gold winner in the Architecture, Building and Structure Design category. This prestigious recognition highlights the significance of Almana's innovative design within the architecture industry.

Almana's award-winning design demonstrates its relevance to current trends and needs in the healthcare architecture sector. By prioritizing patient well-being and incorporating advanced sustainability practices, the design aligns with industry standards while offering practical benefits to users, such as reduced anxiety, faster recovery times, and improved staff satisfaction.

The hospital's gentle curves and undulating landscape form create a healing connection to nature, both inside and out. The design combines advanced practices for lighting, day-lighting, and water treatment systems, targeting a 50 percent energy reduction compared to similar facilities. Clear functional zoning, modular arrangements, and seamless wall finish systems contribute to the hospital's operational efficiency and safety.

This recognition from the A' Architecture, Building and Structure Design Award serves as motivation for Muhammed El Sepaey and his team to continue striving for excellence and innovation in future projects. The award highlights the potential for Almana's design to inspire
