DETROIT , MICHIGAN , USA, August 7, 2024 /EINPresswire.com/ -- The Michigan Mesothelioma Victims Center is appealing to the family of a current or former machinist who has just been diagnosed with mesothelioma or asbestos exposure lung cancer anywhere in Michigan to call the Detroit based lawyers of Zamler Shiffman & Karfis at 866-714-6466. The law firm of Zamler Shiffman & Karfis have been Michigan's leading lawyers for people with mesothelioma or asbestos exposure lung cancer for over 45 years and they consistently get the best possible compensation results for their clients.

The group says, "Michigan has been a top 10 US manufacturing state for generations and machinists have played a vital role in this success. Unfortunately, before the early 1980s being a machinist in Michigan also meant exposure to asbestos. Before the early 1980s equipment or machinery used by machinists probably contained asbestos, and frequently a machinist was required to make repairs on machinery or equipment that contained asbestos from auto-truck plants to any other type of manufacturing facility, power plants, or repair facility. Asbestos exposure for a machinist in Michigan prior to the early 1980s would have been significant and

routine.
