CloudMedSpas, the innovative platform that allows space owners to rent their underutilized exam rooms and/or space to generate supplemental revenue for their health or wellness practice. CloudMedSpas has been recognized for its groundbreaking concept at the 2024 Aesthetic Everything® Aesthetic and Cosmetic Medicine Awards. The company has been awarded "The Best Real Estate Opportunity for Healthcare & Wellness Practice Owners" for its unique approach to utilizing unused medical and wellness spaces.

With the rising demand for healthcare and wellness services, there is a growing need for suitable spaces to accommodate these practices. CloudMedSpas addresses this issue by providing a software platform for space owners to rent to a large, diversified marketplace of aesthetic & wellness practitioners. Space owners can control the number of the rooms and frequency of access. This not only helps space owners generate revenue from their unused spaces but also provides practitioners with a cost-effective, low risk solution for setting up their independent practices in a professional space.

The 2024 Aesthetic Everything® Aesthetic and Cosmetic Medicine Awards recognize the most innovative and influential companies in the aesthetic and cosmetic medicine industry. CloudMedSpas stood out among its competitors for its unique and practical solution to the growing demand for healthcare and wellness spaces. The award is a testament to the company's commitment to revolutionizing the industry and providing a win-win solution for both space

owners and practitioners.

"We are honored to receive this prestigious award from Aesthetic Everything<sup>®</sup>," said Shannon Seeberan, the Co-Founder of CloudMedSpas. "Our goal has always been to empower our clients and bridge the gap between space owners and healthcare and wellness practitioners, and this recognition further validates our efforts.
