SCAP and ICAP are actively managed by InfraCap Founder, CEO & Portfolio Manager Jay D. Hatfield. SCAP's investment approach will center around identifying and investing in small cap U.S. companies that are poised to deliver both income and growth potential, particularly those

equities which in the eye of the fund's management fall into the category of value stocks. ICAP will primarily invest in equity securities of companies with a strong track record of paying dividends during normal market conditions.

SCAP joined an Infrastructure Capital ETF lineup which includes the Virtus InfraCap U.S. Preferred Stock ETF (NYSE Arca: PFFA), InfraCap REIT Preferred ETF (NYSE Arca: PFFR), InfraCap MLP ETF (NYSE Arca: AMZA), and the InfraCap Equity Income Fund ETF (NYSE Arca: ICAP).

Hatfield is the lead Portfolio Manager for all of the InfraCap funds and brings more than 30 years of experience to his work on behalf of clients. As of the date of this release, InfraCap manages over \$1.5B in total assets.

About Infrastructure Capital Advisors

Infrastructure Capital Advisors, LLC (ICA) is an SEC-registered investment advisor that manages exchange traded funds (ETFs) and a series of hedge funds. The firm was formed in 2012 and is based in New York City. ICA seeks total-return opportunities driven by catalysts, largely in key infrastructure sectors. These sectors include energy, real estate, transportation, industrials and utilities. It often identifies opportunities in entities that are not taxed at the entity level, such as master limited partnerships ("MLPs") and real estate investment trusts ("REITs"). It also looks for opportunities in credit and related securities, such as preferred stocks.

Current income is a primary objective in most, but not all, of ICA's investing activities. Consequently, the focus is generally on companies that generate and distribute substantial streams of free cash flow. This approach is based on the belief that tangible assets that produce free cash flow have intrinsic values that are unlikely to deteriorate over time.
