“Dr. Squires’ 13 years of dedication at the same location in Madison reflects the central value we hold dear at Family Dental Practice - commitment to our community,” says Dr. Kyle Garro, co-owner and dentist at Family Dental Practice. “Her addition to our team will allow us to meet the growing needs of our practice and continue providing superior dentistry that exceeds the expectations of our patients.”

Dr. Squires’ journey to becoming one of Wisconsin’s top

She further honed her skills through a general residency program at Meriter Hospital's Max Pohle Dental Clinic. Now, with a passion for quality care and a belief in the importance of patient communication, Dr. Squires is excited to bring her expertise to Watertown.

“My favorite aspect of the dental profession is achieving successful results with wonderful people, and I am most looking forward to getting to know the Watertown community,” says Dr. Squires. “It is an honor and a privilege to serve in the dental profession, and I’m thrilled to be joining Family Dental Practice, where quality care and a comfortable dental experience are top priorities.”

Family Dental Practice co-owner Dr. Will Buchholtz, who grew up in Watertown, shares this enthusiasm. “I’m excited for Dr. Squires to experience the warm, inviting nature of our community. With her joining our practice, we’re poised to raise the bar even higher for our patient experience,” he says. “We are also expanding our footprint to include the building next door, allowing us to treat more patients while maintaining the exceptional care our current patients love.”

As Family Dental Practice continues to grow, Dr. Squires’ expertise and experience will be invaluable, especially in addressing dental emergencies. “With the addition of Dr. Squires, we are enhancing our ability to offer timely, expert care for a wide range of dental needs,” Dr. Buchholtz says. “We want Family Dental Practice to be known as the place to go for dental emergencies, where patients can expect the highest standard of care from experienced professionals.”
