

Ecru by Chia Yu Chan Wins Silver in A' Interior Design Awards

Chia Yu Chan's Ecru Restaurant Design Recognized for Excellence by International A' Design Award Jury

COMO, CO, ITALY, September 1, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected recognition in the field of [interior design](#), has announced [Chia Yu Chan's](#) Ecru restaurant design as a Silver Award winner in the Interior Space and Exhibition Design category. This prestigious accolade underscores the exceptional quality and innovation of the Ecru design, which exemplifies the highest standards of the interior design industry.

The Silver A' Interior Space, Retail and Exhibition Design Award holds significant relevance for the industry

and its stakeholders. By recognizing designs like Ecru, the award promotes excellence and innovation, inspiring professionals to push the boundaries of interior design. The award also serves as a benchmark for potential customers, highlighting the most outstanding and functional designs that enhance user experiences and align with current trends.

Ecru, a restaurant located in Taipei's East District, stands out for its serene and nature-inspired design. The space retains the original cement texture, complemented by stones and weathered wood that create a connection with the natural world. Beige walls featuring textured paint, reminiscent of French plating art, contribute to the warm and tranquil ambiance. The design also incorporates the chef's memories and experiences with French cuisine through carefully selected tableware.

The recognition bestowed upon Ecru by the A' Interior Space, Retail and Exhibition Design Award

is expected to have far-reaching implications for Chia Yu Chan and their design philosophy. This achievement serves as a testament to their commitment to creating spaces that prioritize simplicity, organic elements, and the essence of the dining experience. The award will undoubtedly inspire the team to continue exploring innovative design solutions that enhance the connection between food, culture, and the built environment.
