Founder & CEO recognized for leading innovative loan decisioning and pricing provider through rapid growth

MIAMI, FL, USA, September 3, 2024 /EINPresswire.com/ -- [LoanPASS](#), a provider of loan decisioning and pricing technology, today announced that its founder and CEO Bill Roy has been honored as a 2024 [HousingWire](#) Vanguard. The Vanguard Awards program recognizes C-suite professionals and business leaders who contribute to the growth of the housing economy.

Roy has 35 years of experience in the housing industry. He founded LoanPASS in 2019 with the goal of supplanting legacy product and pricing engines (PPEs) used in conventional mortgage lending with an innovative rules-based loan decisioning engine flexible enough to handle guidelines and pricing for any lending product across any vertical. In just the last 12 months under Roy's leadership, LoanPASS has increased client signings 185% year-over-year and generated revenue growth of more than 270% from 2023 to 2024. He has also led LoanPASS to increase its integrations with loan origination system partners from two to nine, with ten additional requests for integrations pending. Under his leadership, LoanPASS has also achieved gold status in ICE Mortgage Technology's Solution Provider Partners program, a distinction currently held by only ten fintech providers industrywide.

"We're committed to continuously pushing the boundaries of what's possible in loan decisioning," said Roy. "At LoanPASS, our focus is on delivering unmatched flexibility and efficiency, allowing our clients to thrive in a rapidly evolving market.
