

CSols Inc. Keynote on Trends in Laboratory Informatics at STARLIMS Connect

Hear perspectives on the future, free and virtually, next week

NEWARK, DE, UNITED STATES, September 5, 2024 /EINPresswire.com/ -- CSols Inc., [the premier laboratory informatics solutions provider](#) in North America, is excited to announce that Lisa Richard, Director of New Ventures, will deliver the keynote address at the upcoming STARLIMS Connect conference on September 10, 2024, at 9:30 a.m. Eastern Daylight Time. The event takes place online, bringing together laboratory informatics professionals from the STARLIMS user base and industry experts.

In a rapidly evolving landscape of advanced data solutions, attaining efficient data management and laboratory workflows are paramount.

Lisa will share her perspective on, and aspirations for, the future of laboratory informatics and the human-centered approach to responsible use of modern technologies. With more than 30 years of experience in the industry, she will address key challenges that laboratory professionals face today and envision the opportunities the lab of the future could present.

"We are honored that CSols was asked to speak on such an important and timely topic at STARLIMS Connect," said Megan Cavanaugh, Marketing Director. "This keynote will not only highlight our vision of future trends but also provide valuable perspectives on how to enhance laboratory operations and data integrity."
