“The Rapha Clinic is dedicated to providing women's health and dental care to those struggling without medical insurance. This grant will allow us to provide comprehensive care including feminine products and exams,” said Dr. Amy Eubanks, Medical Director of the

Rapha Clinic. “We want to sincerely thank the Community Foundation of West Georgia for their incredible support.”

The Power of the Purse (POP) fund fuels activism and volunteerism in the community in order to focus on the local needs of women and children. Since 2009 the women of POP have helped grant more than \$156,000 to 44 local organizations that serve women and children's needs in the

West Georgia area. It not only promotes philanthropy within the community, but betters the community through strengthening community relations.
