

Zero by Hsin-Kai Tai and Wan-Ting Lin Wins Silver in A' Lighting Products and Fixtures Design Award

*Innovative Circular Light Design
Recognized for Excellence in
Sustainability and Aesthetics*

COMO, CO, ITALY, September 5, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized competition in the field of [lighting design](#), has announced [Hsin-Kai Tai and Wan-Ting Lin](#) as winners of the Silver A' Lighting Products and Fixtures Design Award for their exceptional work titled "Zero." This prestigious recognition highlights the significance of their innovative circular light design within the lighting industry and the broader design community.

Zero's award-winning design showcases the relevance of sustainable and recyclable materials in

contemporary lighting solutions. By incorporating 100 percent recycled glass and soft, touchable light, Hsin-Kai Tai and Wan-Ting Lin's creation aligns with the growing demand for eco-friendly, experiential lighting products that enhance the ambiance of living spaces.

The circular light design of Zero stands out for its unique ability to capture the essence of time, water, and the transparency of plasticity. The pointer splashes water, creating mesmerizing ripples with each passing second, inviting users to appreciate the beauty and uniqueness of everyday moments. Crafted from fully recyclable glass, Zero embodies the endless cycle of life and the potential for regeneration.

This recognition from the A' Lighting Products and Fixtures Design Award serves as a testament to Hsin-Kai Tai and Wan-Ting Lin's commitment to pushing the boundaries of sustainable lighting

Zero

design. The accolade is expected to inspire future projects that prioritize the harmonious integration of recycled materials, experiential elements, and aesthetic appeal, further contributing to the advancement of the lighting industry.

Zero was brought to life through a collaboration with Spring Pool Glass, combining their expertise in recycled glass with Hsin-Kai Tai and Wan-Ting Lin's vision for a light that touches the heart. The designers aim to showcase Zero at Spring Pool Glass's cooperative stores, such as Sidolil Radio and Akau Coffee, which regularly host experiential activities. By attracting target customers who value spiritual enjoyment and home comfort, Zero not only generates commercial value but also promotes sustainability.

About Hsin-Kai Tai and Wan-Ting Lin

Hsin-Kai Tai and Wan-Ting Lin are designers from Taiwan who specialize in creating sustainable products using recycled materials. Inspired by nature and traditional craftsmanship, they craft household items that blend traditional and modern design elements while minimizing ecological impact. Their work seeks to incorporate cultural significance and reduce environmental footprints.

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that exemplify excellence and innovation in the Lighting Products and Fixtures Design category. Recipients are acknowledged for their contributions to raising industry standards and advancing design practices through their highly functional and aesthetically pleasing creations. The rigorous selection process involves blind peer review by an expert jury panel, ensuring that winning designs meet the criteria of innovation, functionality, efficiency, aesthetic appeal, sustainability, user-friendliness, and originality.

About A' Design Award

The A' Design Award is an international, juried design competition that has been recognizing exceptional products and projects across all industries since 2008. With a mission to make the world a better place through the power of good design, the award motivates designers and brands to develop superior solutions that positively impact society. By showcasing pioneering designs on a global stage and celebrating the creative minds behind them, the A' Design Award drives a cycle of inspiration and advancement in the lighting industry and beyond.
