IPO stage who has a proven track record to invest and unlock value for our investors post IPO’s.”

InvesTek’s Private Equity Business will focus on industries such as technology, healthcare, sports, and sustainable energy. By providing direct access to pre-vetted, high-potential companies, the firm aims to deliver value through long-term investment strategies, while also minimizing risk through its proprietary risk management tools and in-depth market analysis.

Sunil adds, “The launch of our Private Equity Business represents a natural evolution for InvesTek. With decades of experience in the financial sector and leadership roles at organizations like IDFC, Morgan Stanley, CitiGroup and HSBC, I have seen firsthand the growing demand for private equity investments. Our new business unit will empower clients to capitalize on exclusive opportunities and diversify their portfolios beyond traditional asset classes.”

As part of its expansion strategy, InvesTek will host a series of investor briefings and educational seminars to introduce potential clients to the benefits of private equity and provide insights into the firm’s unique approach to this asset class.
