

# Mitacs and Qubo Consulting Join Forces to Deliver Quantum Training to Canadian Students

*Mitacs and Qubo Consulting are working together to deliver six (6) workshops to Canadian Students starting in October.*

CALGARY, ALBERTA, CANADA, September 24, 2024 / EINPresswire.com/ -- [Qubo Consulting Corp.](#), a dynamic force in the quantum industry, is excited to announce six quantum workshops, focused on developing Canadian talent to enter the quantum workforce.

"At Qubo Consulting Corp. we believe in empowering Canadian learners to explore the quantum industry. These workshops, in partnership with [Mitacs Inc.](#), demonstrate our commitment to providing quality quantum training to grow the Canadian and Global Quantum Ecosystems. By showing current case studies and technologies that businesses can tailor to their specific goals, we are informing more Canadians about this burgeoning industry." shares Dr. Katanya Kuntz, Co-Founder and CEO.

The quantum training workshops offer Canadian university students, graduates, post-docs, and affiliates the chance to explore opportunities:

- Quantum Applications in Business
- The Quantum Threat and Solutions
- Business Communication

Some workshops will feature guest speakers from various roles in the quantum industry.

Stephanie Cosgrove, Manager, Programs & Skills Experience had this to say about the project,

The graphic features the Mitacs logo at the top left and a large stylized 'Q' on the right. The central text reads "New Quantum Workshops Coming This Fall!" followed by a question: "Curious about Quantum Tech? Want to gain a competitive advantage & not be left behind when the quantum revolution happens?". Below this is a list of six workshop topics, each preceded by a square icon. The list includes: "Introduction to Quantum Technologies", "The 2nd Quantum Revolution for Jobseekers", "Business Communication for Subject Matter Experts", "Quantum Optimization Use Cases (Technical Audience)", "Quantum Sensing Use Cases (Technical Audience)", and "Young's Double Slit Demonstration & Workshop". To the right of the list, it says "Including Guest Speakers ...stay tuned!". At the bottom, there is a photo of a man and a woman, with the QUBO Consulting Corp. logo and tagline "WE MAKE QUANTUM ACCESSIBLE" below them.

Mitacs and Qubo Consulting Join Forces to Deliver Quantum Training to Canadian Students

“Mitacs is thrilled to be partnering with Qubo Consulting Corp. to produce quantum training workshops. These will be a great way for participants to gain exposure to the quantum industry. As well, it is a fantastic opportunity for university affiliates and recent graduates to learn about our intern programs.”

The first workshop: Introduction to Quantum Technologies will be starting in October, and is accessible for students, post-docs, and affiliates to register for free on Mitacs Edge Website. All workshops will be presented in an online webinar format so that participants all across Canada may attend.

Qubo Consulting Corp. remains dedicated to growing the Canadian Quantum Ecosystem. This partnership is more than a solution; it's a strategic investment in the success and growth of the Canadian Quantum Industry.

“

This shows our commitment to providing quality quantum training to Canadians. Using case studies and technologies, we are informing more Canadians about this burgeoning industry.”
