Explore our brand new course, with practical hands-on labs, quizzes real-world applications, and cutting-edge technologies!

CLOUD INSTITUTE

[CloudInstitute.io](http://CloudInstitute.io) is excited to announce the launch of its new course, [Mastering AI with AWS Bedrock](#), designed to equip both beginners and professionals with critical AI knowledge. This self-paced course covers Machine Learning (ML), Generative AI, Amazon Bedrock architecture, and prompt engineering techniques.

With AI projected to grow into a \$407 billion market by 2027, CloudInstitute.io empowers both individuals and businesses to stay competitive by developing hands-on AI expertise. There's never been a more critical time for individuals and businesses to upskill. The Mastering AI with AWS Bedrock course empowers learners with real-world AI tools, making it easier to adopt and implement AI solutions in various industries.

Core topics include:

- Introduction to AI, ML, and Neural Networks
- Exploring Generative AI and Foundation Models with AWS
- Mastering Amazon Bedrock: Deep Dive into Architecture, Console, and Inference
- Generative AI Project Development

By offering the flexibility of 30-minute mini-episodes, the course helps learners understand complex AI concepts at their own pace. It's designed for a broad audience, regardless of their

With AI rapidly becoming integral to business operations, this course provides flexible yet comprehensive way for both beginners and professionals to build critical AI competencies using AWS services.”

*Faisal Khwaja, CTO of  
CloudInstitute.io.*

prior experience with AI or AWS. The entire course, about 2 hours in total, is structured to build crucial AI skills while maintaining flexibility in learning.

In addition to the Mastering AI with AWS Bedrock course, CloudInstitute.io offers a range of other AI and Machine Learning programs, providing learners the opportunity to dive deeper into topics like computer vision, natural language processing, and conversational AI. These comprehensive courses can be explored on our [AI and Machine Learning page](#) (AI/ML Courses).

About CloudInstitute.io

CloudInstitute.io specializes in cloud-based training and coaching, offering a wide array of courses that help individuals and teams upskill in cutting-edge technologies. With AI, machine learning, and cloud certifications, we ensure learners stay at the forefront of technological advancements.
