- Hangar H (130x160 | 20,800 SF): Available

These twelve hangars feature the opportunity for customization, ensuring they meet the varied needs of aviation enthusiasts and operators.

Levi Stockton, President & CEO, emphasized the strategic benefits of this location, stating: "This development at Jet Center Los Angeles is incredibly opportunistic. It's centrally located, just minutes from downtown Los Angeles, the Westside, and the new sports & entertainment venues, making it ideal for owners and operators looking to maximize convenience and minimize travel

times."

Donny Sandusky, Executive Vice President, added:

"Being the final phase of development at the Hawthorne Airport, this is truly a once-in-a-lifetime opportunity for aviation owners and operators in Los Angeles. If you're interested in customizing your hangar, we recommend you reach out before we break ground in early 2025."

Purchase or long-term lease options are available.
