

Expert Roofing of Westchester Urges Homeowners to Have Roof Inspections

Homeowners needing to inspect their roofs should call Expert Roofing of Westchester at (914) 200-1953.

WHITE PLAINS, NY, UNITED STATES, September 27, 2024 /EINPresswire.com/ -- [Expert Roofing of Westchester](#) urges homeowners to have their roofs inspected by a professional. It's recommended that roofs be professionally inspected every two years. These inspections identify issues, find loose tiles, and ensure your roof is structurally sound. Well-maintained roofs increase home values, and minor repairs can extend the lifespan of your roof.

One significant reason Expert Roofing of Westchester emphasizes home inspections is the potential for water damage. Severe weather and storms can damage roofs, letting water slip in and damaging ceilings and wooden support beams. Additionally, water damage can allow mold to grow in the home, putting families at risk for illness. Regular maintenance protects roofs from damage and catches minor repairs early, which helps mitigate damages and reduces the cost of repairs.

Expert Roofing of Westchester conducts thorough roof inspections by licensed and insured professionals. Homeowners will also receive a detailed certification on the condition of their roofs, which can be provided to insurance or potential home buyers.

Homeowners needing to inspect their roofs should call Expert Roofing of Westchester at (914) 200-1953.
