Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, C-level executives, and well-known authors from five continents. Edna Kanabahita

"Participating in the Certificate in Risk Governance® program has been a transformative experience in my risk management career," said Ms. Kanabahita. "The training has reframed my view of risk as a potential loss to considering risk management as a positive risk-taking tool for achieving goals. The comprehensive curriculum and insights from exceptional risk experts and the Middle East/Africa guided study cohort members have equipped me with the essential skills to ask the right questions about confident risk-taking in today's dynamic environment. I highly recommend this program to anyone looking to enhance their risk governance capabilities and drive effective risk management strategies," she continued.
