The synergy created by merging the current Keystone Denver team with the CPMG team, will expand our services to more than 150 communities managed by Keystone Denver.”

Cary Treff, Keystone CEO

one of the fastest-growing Community Management companies in North America, is expanding its Denver operations with the acquisition of Colorado Property Management Group (CPMG).

Prior to the acquisition, both CPMG and Keystone leadership were very deliberate in ensuring their similar cultures of high-quality service and “customer-first” ethos continued CPMG’s 41-year legacy in the Denver area. Keystone brings a wealth of experience and a shared commitment to community management. This partnership

is a testament to the shared values and commitment to maintaining CPMG’s long, successful operating philosophy which began 41 years ago.

“Keystone’s vision of improving people’s lives beyond expectations will expand to an additional 35 communities throughout the Denver Area,” said Keystone CEO Cary Treff. “The synergy created by merging the current Keystone Denver team with the CPMG team, will expand our services to more than 150 communities managed by Keystone Denver.”

“Culture was very important to me as I looked for a partner to continue CPMG’s legacy. Both Keystone and CPMG recognize that our success has been built on cultivating local relationships and understanding the unique needs of each community we serve. I along with my team members are thrilled and excited to be part of the Keystone team,” said CPMG owner Debra Vickrey.

Denver Colorado is prime for growth opportunities and Keystone has been thrilled to see the support of several developers who are building new communities in the area. Keystone’s track record of providing exceptional service to exclusive communities provides unparalleled

opportunities for growth.

“We would not be able to pursue these types of acquisitions if it weren’t for the service and dedication we get every day from our community management team,” said Treff. “We have the best team members in the community management field, and they deliver outstanding service to our clients. This gives us the opportunity to bring these successes to new communities in other areas of the western States.”

This is Keystone’s eighth acquisition in five years following Progressive Community Management in Southern California in 2019, Maximum Property Management in Aurora Colorado in 2021, Pilot Property Management in Encinitas and AMI in Boise Idaho in 2022, Curtis Property Management in Carlsbad California, Vista Management in Westminster Colorado in 2023, The Manor Association in Northern California in 2024. Keystone continues to explore other opportunities of expansion throughout the west.
