“

This author should have been born 150 years ago. Daniels reflects the cowboy lifestyle in his choice of words and interaction.”

Reflecting on his transition from bull riding to writing, B.S. Daniels states: "My experiences in the rodeo circuit taught me about grit, determination, and the unpredictable nature of life – themes that are central to 'Trail of Fate.' Through this series, I aim to capture the spirit of the Old West and share it with a new generation of readers."

"Trail of Fate" stands out for its first-person narrative, providing an intimate view of the protagonist's journey.

adventure that follows.

Early readers and critics have praised "Trail of Fate" for its authentic portrayal of the Old West and its compelling storyline:

- "... a riveting homage to the gritty and action-packed world of classic Westerns. From the very first page, Daniels immerses readers in the untamed landscapes and rugged lives that defined the Wild West, delivering a story that is as thrilling as it is evocative. The timing is perfect as Westerns are making a comeback after a long lull. B. S. Daniels has crafted a story that is both a tribute to and a reinvention of the Western, setting the stage for what promises to be an exciting series.
