Prestigious awards this year include a 97 Gold medal from the 2024 IWSC (15th in the World) for the 12-year-aged barrel reserve rum and a 95 Gold medal at the 2024 SFWSC (San Francisco World Spirit Competition), which was a 7-way tie for first place in the world for the 6-year-aged barrel reserve rum.

Economic, Sustainable, and Flavorful

Desert Diamond Distillery's use of molasses instead of white sugar or sugarcane juice makes its rum more aligned with the traditional ways of centuries past from exotic locales like the Caribbean, Central America, and South America, where molasses has been used for centuries for their local rums.

Historical Significance and Memorable Keepsakes

The historical significance of molasses-based rum, particularly its role in the American colonies and the British Royal Navy, adds a layer of cultural depth to Desert Diamond Distillery's offerings.

In addition to the bottles that are proofed and bottled out of the customized barrel, participants get to keep the barrel, and certificates will be offered for each bottle as part of the package. The age group of these barrels in the program consistently garners prestigious medals in the top 20 in the world, year after year, in both the IWSC and the SFWSC.

Celebrate Milestones in Style

Owning a customized barrel of award-winning rum presents a unique gifting opportunity for special occasions, such as weddings, anniversaries, or corporate events. The aging process over the years ensures that the rums in each barrel acquire their own distinct characteristics.
