BIRMINGHAM , AL, UNITED STATES,
November 11, 2024 /

[EINPresswire.com/](https://www.einpresswire.com/) -- The Alabama Mesothelioma Victims Center is appealing to the family of a former hospital or school maintenance worker who has just been diagnosed with lung cancer or mesothelioma to please call the Birmingham based lawyers at the Environmental Litigation Group anytime at 866-714-6466 to discuss financial compensation. The lawyers at the Environmental Litigation group have decades worth of experience when it comes to compensation for people who have developed asbestos exposure lung cancer or mesothelioma in Alabama, and they treat their clients like family.

The group says, "One of the most under looked work groups that had significant exposure to asbestos on the job are hospital and school maintenance workers. Hospital and school maintenance workers routinely had to make repairs on boilers, water pumps, and or pipes-all of which were probably insulated with asbestos-especially before the mid-1980s. They would have probably also have been required to make ceiling or wall repairs, which would have also brought

them into contact with asbestos-again-before the 1980s.

"If your loved one has lung cancer or mesothelioma and they worked as a hospital or school maintenance worker in Alabama before the mid-1980s-call the Birmingham based Environmental Litigation group at 866-714-6466. The lawyers at the Environmental Litigation Group have more experience assisting people with mesothelioma or lung cancer than any other law firm in Alabama." <https://www.elglaw.com>
