

BoomID and Alphamille Announce Strategic Partnership to Enhance Identity Verification Solutions

NEW YORK, NY, UNITED STATES,
November 20, 2024 /

EINPresswire.com/ -- TLA Innovation, Inc. dba BoomID, a leading provider of biometric identity verification solutions, is excited to announce a strategic partnership with Alphamille, a premier technology advisory and consulting firm. This collaboration aims to leverage Alphamille's extensive expertise in technology consulting and BoomID's innovative palm-based biometric solutions to enhance security and operational efficiency across various sectors, including municipal government, travel, and hospitality.

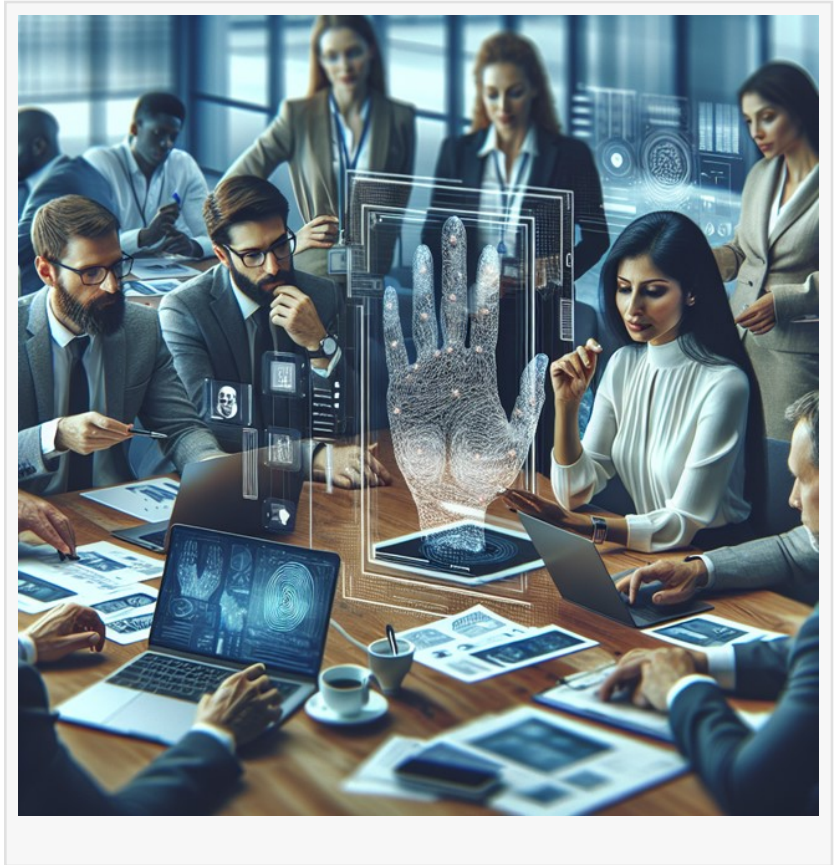

As organizations increasingly seek secure and efficient identity verification methods, BoomID's cutting-edge technology provides a seamless solution. By utilizing palm scans, BoomID ensures that individuals are accurately identified, streamlining access control and enhancing security protocols. The partnership with Alphamille will enable BoomID to broaden its reach and provide tailored solutions that meet the unique needs of its clients.

"Partnering with Alphamille aligns perfectly with our mission to transform identity verification processes across industries," said Benjamin Massin, CEO of TLA Innovation, Inc. "Their deep understanding of technology implementation and management consulting will help us deliver even greater value to our clients, ensuring they have the best tools available to protect their operations. Julia Valentine and team have unparalleled experience and relationships in so many verticals, it's both humbling and exciting to work with such professionals. This will represent a major step in the growth of BoomID."

Alphamille's commitment to providing strategic technology assessments and tailored solutions complements BoomID's vision of enhancing identity management through innovative technology. Together, the two companies will work on developing integrated solutions that streamline identity verification while maintaining the highest standards of security and compliance.

"Alphamille is thrilled to partner with BoomID as we explore new frontiers in identity verification," said Julia Valentine, CEO of Alphamille. "This partnership will enable us to combine our advisory expertise with BoomID's groundbreaking technology, providing our clients with unparalleled security solutions."

Anthony Carter, Senior Advisor to AlphaMille, commented, "This partnership is a game-changer. By combining our strengths, we will not only improve user engagement for our clients but also support them in navigating the complexities of digital transformation. Our joint efforts will create innovative solutions that truly resonate in today's competitive landscape."

“

BoomID provides clients with a comprehensive approach to identity verification that is secure, efficient, and user-friendly."
