

# Oraimo Powershield by Shenzhen Transsion Holdings Co., Limited Wins Bronze in A' Energy Industry Awards

*Shenzhen Transsion Holdings Co., Limited's Oraimo Powershield recognized for exceptional design in Energy Products, Projects and Devices Design category*

COMO, CO, ITALY, November 22, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected award in the field of [energy](#) design, has announced [Shenzhen Transsion Holdings Co., Limited's](#) "Oraimo Powershield" as the Bronze winner in the Energy Products, Projects and Devices Design category. This prestigious recognition highlights the significance of the Oraimo Powershield's innovative design within the energy industry, positioning it as a noteworthy achievement in the field.

The Oraimo Powershield's Bronze A' Energy Products, Projects and Devices Design Award is particularly relevant to the energy industry and its customers, as it showcases a design that prioritizes safety, efficiency, and user-friendliness in charging devices. By aligning with current trends and needs in the energy sector, the Oraimo Powershield demonstrates its potential to positively impact users, the industry, and other stakeholders through its innovative features and adherence to energy design standards and practices.

What sets the Oraimo Powershield apart is its incorporation of the AniShield chip, which intelligently detects current fluctuations and power outages, automatically triggering power-off protection to ensure device safety. Once power stabilizes, the charging process seamlessly resumes. The use of highly heat-resistant materials and a thoughtful design that combines clean lines, rounded corners, and runway-inspired elements further enhances the Oraimo Powershield's aesthetic appeal and functionality.

The Bronze A' Energy Products, Projects and Devices Design Award for the Oraimo Powershield serves as an inspiration for Shenzhen Transsion Holdings Co., Limited to continue pushing the boundaries of energy design. This recognition may foster further innovation and exploration in developing charging devices that prioritize safety, efficiency, and user experience, ultimately contributing to the advancement of the energy industry as a whole.

#### Team Members

The Oraimo Powershield was designed by a talented team consisting of Weihua Su, Yenchiu Hsu, Wenhsien Chiang, and Chunhua Tong from Shenzhen Transsion Holdings Co., Limited. Each member contributed their expertise to create a product that excels in both form and function.
