

H2Ocean Donates 150,000+ Bottles of Sea Salt-Based Healing Rinse to Promote Natural Oral Care Solutions Globally

H2Ocean Setting a new standard in sea salt based oral care by supporting dental professionals, cancer survivors, and communities through education and donation.

STUART, FL, UNITED STATES, November

26, 2024 /EINPresswire.com/ -- [H2Ocean](#), the world's leading innovator in [sea salt](#) based oral and skincare products, proudly announces a historic milestone: the donation of over 150,000 bottles of its flagship [Healing Rinse](#) Mouthwash. These contributions, spanning dental clinics, cancer

survivor organizations, international and national conferences, hospitals, and community events, underline H2Ocean's mission to promote natural, chemical-free oral care and support underserved populations. This initiative not only addresses the immediate needs of patients and practitioners but also sparks a broader conversation about the role of natural solutions in oral health care, particularly for cancer survivors and individuals with sensitive oral needs.

“

Our donation program is not product promotion but empowering patients and professionals with a better understanding of what's possible when we take a natural approach to sea salt-based oral care.”

Eddie Kolos, CEO

What Is Healing Rinse Mouthwash?

H2Ocean's Healing Rinse Mouthwash represents a

paradigm shift in oral care. It's specifically formulated to heal, protect, and soothe while avoiding the harsh chemicals found in traditional mouthwashes. Healing Rinse features a groundbreaking blend of natural ingredients:

1. Sea Salt from Red Sea: Rich in 82+ trace minerals, this ingredient accelerates tissue healing, reduces inflammation, and strengthens oral tissues.
2. Xylitol: A natural, plant derived sweetener that combats cavity causing bacteria without disrupting the mouth's natural flora.
3. Lysozyme: An enzyme naturally found in human saliva that bolsters immune defenses and provides antimicrobial benefits.

4. Proprietary Blend of Sea Minerals: Carefully formulated and stabilized in high quality labs to maintain utmost purity.

5. Natural Oral Care Solution: Unlike many other products in the market, Healing Rinse contains no alcohol, chemicals, preservatives, or fluoride. This makes it safe for all individuals, including cancer patients experiencing oral mucositis, pregnant women, children, and the elderly. It offers effective care for sensitive oral tissues while promoting overall oral health.

Pioneering Sea Salt-Based Oral Care
 As the first company to incorporate sea salt into oral care products, H2Ocean holds patents for its innovative formulations and remains a trusted name in natural oral health care. By harnessing the therapeutic power of sea salt, H2Ocean sets itself apart as the global leader in this space. "Our products are designed to work in harmony with the body's natural healing processes," says Eddie Kolos, CEO of H2Ocean. "We're not just selling a product; we're offering a solution that helps people lead healthier, more comfortable lives."

Transformative Impact Through Generous Donations
 H2Ocean's donations have reached a wide array of organizations and events across industries, including:

- World Fair of Dentistry
- Greater New York Dental Conference
- Yankee Dental Congress
- Cancer Survivors Network Conferences

Eddie Kolos, CEO, dispatches H2Ocean Healing Rinse Mouthwash to non profit organizations, extending support to cancer patients.

Hospitals and Cancer Support Groups
Worldwide

These donations have also extended to
music festivals and community events,
bringing awareness of natural oral care
solutions to nontraditional audiences.

This initiative isn't about promoting
products, it's about creating awareness
and access to natural, effective oral
health solutions. By donating its
Healing Rinse Mouthwash, H2Ocean
ensures that dental professionals,
cancer survivors, and underserved
communities can experience the
benefits of safe, chemical-free oral
care.

A Commitment to Cancer
Survivorship

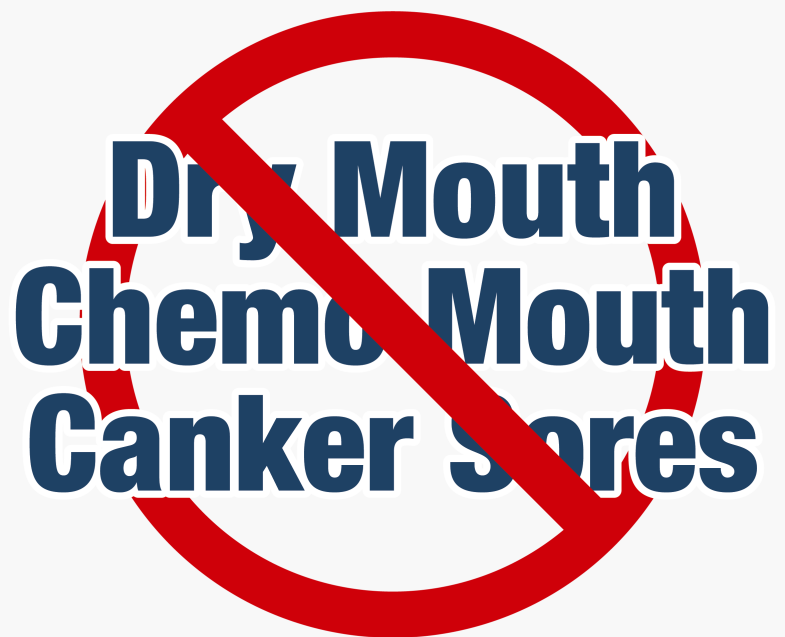

H2Ocean's role in cancer survivorship
is particularly noteworthy. For
individuals undergoing chemotherapy
or radiation, oral mucositis, mouth
sores, dry mouth, metallic taste, and
other painful side effects can
significantly impact quality of life.
Healing Rinse Mouthwash offers these
patients a safe, soothing, and effective
option for managing oral discomfort
and promoting healing. "Cancer
survivors, in particular, deserve safe
solutions that work. Healing Rinse is a
game changer for them," says Eddie
Kolos.

Educational Outreach for Dental
Professionals

Beyond its donations, H2Ocean is
leading the way in educational
initiatives to ensure that dental
professionals are well-versed in the

CancerCon Conference, August 15-18, 2024, Austin,
Texas.

H2Ocean Healing Rinse Mouthwash with Great
Benefits

benefits of natural sea salt based oral care solutions. Through a series of webinars, workshops, and conference presentations, H2Ocean aims to empower professionals with the knowledge they need to recommend safer, more effective options to their patients. This educational series emphasizes the science behind sea salt-based care, highlighting its ability to promote healing, reduce inflammation, and support overall oral health without the harmful effects of alcohol or other chemicals.

More Than a Donation: A Mission to Inspire Change

H2Ocean is clear: its donations are not about marketing or promotion. They are about making a difference. The company's goal is to raise awareness about natural oral care solutions and empower both professionals and individuals to make informed choices about their health. "Our purpose is to educate and inspire," Kolos concludes. "Healing Rinse is just one piece of the puzzle. By donating these products and sharing knowledge, we hope to drive a larger shift toward safer, more natural oral care practices."
