November 29, 2024 /

EINPresswire.com/ -- [Mobisoft](#)

[Infotech](#), a leading digital transformation and [product](#)

[engineering company](#), is proud to

announce its successful attainment of the [SOC 2](#) Type II certification. This

achievement underscores Mobisoft Infotech's unwavering commitment to ensuring the highest standards of security, availability, confidentiality, and integrity for its customers' data.

SOC 2 Type 2, governed by the American Institute of Certified Public Accountants (AICPA), is a

“

SOC 2 certification reinforces our dedication to protecting client data, providing them with the confidence that our solutions are secure, reliable, and built with their success in mind.”

Ravindra Waghmare, Director & COO

globally recognized benchmark for data protection. It evaluates a company's ability to design and operate effective systems and controls over an extended period, reflecting its dedication to safeguarding sensitive data against threats.

“Earning the SOC 2 Type II certification is a crucial milestone for Mobisoft Infotech,” said Ravindra Waghmare, COO of Mobisoft Infotech. “This certification not only validates our robust security practices but also reinforces the trust our customers place in us to handle their most critical business processes and data with the utmost care and diligence.”

Mobisoft Infotech specializes in digital transformation and product engineering services across

various industries. Achieving SOC 2 Type II certification ensures that its solutions and services meet globally recognized standards, providing clients with confidence in the security and reliability of their partnership.

Key benefits of Mobisoft Infotech's SOC 2 Type II compliance include:

Enhanced Data Security: Ensuring customer information is protected against unauthorized access.

Improved Process Transparency: Demonstrating adherence to rigorous control requirements for internal and client-facing operations.

Strengthened Customer Trust: Reaffirming Mobisoft's position as a trusted technology partner in today's digital-first business landscape.

This milestone reflects Mobisoft Infotech's proactive approach to addressing evolving security threats and its continuous pursuit of operational excellence. It also aligns with the company's mission to empower businesses through cutting-edge technology while maintaining the highest standards of privacy and compliance.
