

# Revolutionary Fin-tech Leader Dr. Necdet Saglam Shares Vision in Exclusive Entrepreneur Prime Interview

*Dr. Necdet Saglam discusses the innovative Financial Audit Software, its market impact, global expansion plans, and future integration with AI and blockchain.*

LONDON, UNITED KINGDOM, November 27, 2024 /EINPresswire.com/ -- In a recent exclusive interview with [Entrepreneur Prime magazine](#), [Dr. Necdet Saglam](#), the visionary managing partner of 2N Innovation, revealed groundbreaking developments in financial technology that are reshaping the global auditing landscape.

Based at [Anadolu University Science Park](#) in Turkiye, Dr. Saglam has emerged as a pioneering force in the fintech industry, particularly through the development of the innovative Financial Audit Software (FAS). His extensive publications on auditing and International Financial Reporting Standards (IFRS) have established him as a leading authority in the field.

During the enlightening interview, Dr. Saglam showcased how FAS is revolutionizing the auditing sector with its cloud-based platform capable of generating comprehensive 2,000+ page audit reports automatically. The software's impressive features include real-time collaboration capabilities, XBRL data collection, and full compliance with international standards.

"Our vision extends beyond just creating software; we're transforming how financial auditing is conducted globally," Dr. Saglam explained to Entrepreneur Prime. His leadership has already led to remarkable success, with FAS capturing 30% of Turkiye's audit market and serving 130 audit companies.

Dr. Saglam's commitment to innovation is further demonstrated through planned expansions
