

HUKUI Wins Prestigious Innovation Excellence Award at MEDevice Silicon Valley

SILICON VALLEY, CA, UNITED STATES, December 2, 2024 /EINPresswire.com/ -- HUKUI Biotechnology Co., Ltd. is pleased to announce has earned the "Innovation Excellence Award by Popular Vote" during the [Innovation Showcase | MEDevice Silicon Valley exhibition](#), held between November 21-22, 2024. This recognition marks an historic moment, as HUKUI is the first Taiwanese company to receive this honor in the event's history. Held in Santa Clara, California, MEDevice Silicon Valley is a globally renowned event showcasing advancements in the medical device industry and attracting experts and companies from around the world.

HUKUI CEO Mr. Michael Kuo gave the speech and showed the innovative gamma wave lighting products in the MEDevice

The award was presented during the "Innovation Showcase," a key highlight of the exhibition, where companies demonstrated breakthrough technologies on a dedicated stage. This platform provided participants an opportunity to not only showcase their innovations, but also connect with industry professionals and gain significant visibility in the competitive medical device market. Among more than 175 exhibitors, HUKUI's achievements stood out, underscoring Taiwan's growing influence in the global biomedical and medical device sectors.

Additionally, during the MEDevice Silicon Valley exhibition, HUKUI CEO Michael Kuo delivered a compelling speech that highlighted the company's latest innovation: [gamma wave lighting products](#). These products, which represent a new frontier in medical technology, were met with enthusiasm by attendees and industry professionals alike.

Since its inception, HUKUI has demonstrated its commitment to advancing medical technology and expanding its presence in the U.S. market. Throughout 2024, the company has actively

participated in major North American trade shows, including MD&M West and MD&M Minnesota, where its innovative products received widespread attention. In addition, HUKUI was invited to participate in the OktoberTech Silicon Valley 2024 conference, hosted by global semiconductor leader Infineon Technologies. At this event, HUKUI received the “Best Partner Innovation Award,” highlighting its exceptional ability to integrate cross-disciplinary technologies and its potential to lead advancements in energy, IoT, and mobility solutions.
