-- Since its establishment in 2003, Construction Links Network has emerged as a premier news and information hub in the construction sector. With a commitment to enhancing the digital presence and search engine visibility of its members, Construction Links Network has become an indispensable resource for a wide array of professionals. This includes construction managers, contractors, developers, building and property managers, architects, designers, engineers, and government officials.

As a dynamic hub for digital content dissemination, Construction Links Network offers its members diverse engagement opportunities through news releases, company announcements, blogs, podcasts, webinars, case studies, whitepapers, and videos.

Welcome to this edition of the Round Up News Magazine covering the latest industry news, blogs, videos and more.

This week's featured video by the Canadian Apprenticeship Forum highlights the National Mentor Development Program, funded by Employment and Social Development Canada under the National Apprenticeship Strategy. This initiative empowers skilled trades professionals with mentorship training to guide the next generation of apprentices while promoting equity in the trades. Designed for women and gender-diverse individuals, the program offers free, expert-led virtual sessions over four months, featuring coaches from the manufacturing and construction sectors. Hear from participants about how mentorship is shaping careers, fostering connections,

and strengthening Canada's apprenticeship community. The program is offered free of charge to participants from across Canada.
