## WHY EXTENDED HOURS AT LUX'S PALMER INFUSION CLINIC?

By opening its doors on Tuesdays, the LUX Palmer clinic has created more opportunities for patients to receive infusions that conveniently fit into their busy lives. The decision to extend the Palmer infusion center's hours is just one aspect of LUX Infusion's ongoing mission to deliver personalized, patient-focused care to communities across Alaska.

While this reflects another way in which the LUX team puts patients first, it also serves as the next step toward the goal of ensuring that more patients have dependable access to high-quality infusion treatments.
