Potassic Fertilizers Global Market Report 2024 -
Market Size, Trends, And Global Forecast 2024-2033

[How swiftly is the Global Potassic Fertilizers Market Growing?](#)

The potassic fertilizer market size has shown strong growth figures over recent years. There has been documented an increase in size from \$23.94 billion in 2023 to \$25.21 billion in 2024, exhibiting a compound annual growth rate CAGR of 5.3%. This growth is attributed not only to the increase in agricultural activities and the increasing global population but also due to the growing demand for food, government subsidies, and wide-ranging support for agriculture.

“

The potassic fertilizer market size is expected to see strong growth in the next few years. It will grow to \$31.14 billion in 2028 at a compound annual growth rate (CAGR) of 5.4%”
