

sntHome Interior Design Earns Six Government Certifications, Establishing Themselves as a Leader in Sustainable Design

JACKSONVILLE, FL, UNITED STATES, December 20, 2024 /EINPresswire.com/ -- Silver Needle & Thread Home Interior Design is proud to announce that they have recently received six government certifications, solidifying their position as a leader in providing organic, natural, and sustainable design. These certifications not only showcase the company's commitment to creating impactful and nurturing spaces, but also positions them for future growth and success in clean design.

The six certifications, awarded by various government agencies, recognize [sntHome Interior Design's](#) dedication to incorporating environmentally-friendly and socially responsible practices into their designs. These certifications include JSEB ([Jacksonville Small & Emerging Business](#)),

DBE (Disadvantage Business Enterprise), MBE (Minority Business Enterprise), LSBE (Local Small Business Enterprise), WBE (Women Business Enterprise) and Micro-LSBE (Micro-Local Small Business Enterprise) further solidify the company's expertise and capabilities in this area. It's the only interior design company in Jacksonville and the state of Florida to hold such a comprehensive set of credentials.

The impact of these certifications goes beyond just creating aesthetically pleasing spaces. By incorporating organic and natural elements into their designs, SNTHome Interior Design is also promoting the health and wellbeing of individuals who inhabit these spaces. Studies have shown that being surrounded by natural elements can have a positive impact on mental and physical health, making SNTHome's designs not only visually appealing, but also beneficial for overall wellbeing and healing.

"We are thrilled to have earned these six government certifications, which further validate our commitment to creating sustainable and healthy spaces for our clients," said Patricia Davis, founder and lead designer of sntHome Interior Design. "We believe that design should not only be aesthetically pleasing, but also have a positive impact on the environment and the community. These certifications serve as a testament to our dedication to this belief."

sntHome Interior Design's focus on sustainability and wellness in their designs has not only garnered them recognition from government agencies, but also from their clients. Their portfolio includes a wide range of projects, all designed with a focus on sustainability and wellness. With these certifications, the company is well-positioned to continue their growth and success in providing sustainable design solutions not only in Jacksonville, FL but nationwide.
