

Access Fixtures Announces the Best LED Canopy Lights for 2025

Discover the noteworthy LED canopy lights for 2025, each crafted to excel in a specific category. Explore the top options for the year.

WORCESTER, MA, UNITED STATES, January 8, 2025 /EINPresswire.com/ -- Access Fixtures, a leader in commercial, industrial, and sports LED lighting, announces their [2025 Best LED Canopy Lights](#) collection, featuring advanced, energy-efficient designs for parking garages, gas stations, warehouses, and other commercial and industrial spaces.

The [OCTA LED Canopy Light](#) sets the standard for customizable performance with robust construction and cutting-edge features. Designed for demanding applications, OCTA offers exceptional heat management with an EXTREME-LIFE rating of L70 at 200,000 hours. Tailored options include 590nm wildlife-friendly amber LEDs, motion sensors, optics, and emergency power supplies, delivering reliable, high-output illumination up to 150,000 lumens.

The [CANO LED Canopy Light](#) features selectable wattage and Kelvin for field-configurable performance. Available in three models with four wattage options (14w to 83w) and Kelvin flexibility (3000K/4000K/5000K), CANO offers precision illumination. Its anti-glare polycarbonate diffuser lens and die-cast aluminum housing ensure durability and glare-free light distribution.

The CANA LED Canopy Light combines sleek, modern aesthetics with advanced performance. Featuring selectable wattage (20/37/53/71w) and 4000K cool white light, CANA delivers tailored illumination. Its weather-resistant, quick-mount design ensures easy installation and long-lasting

OCTA - Best Specification Grade LED Canopy Light for 2025

reliability, even in harsh environments.

The ROCA Turtle-Friendly LED Canopy Light is engineered for coastal and wildlife-sensitive areas with 590nm amber LEDs. Designed to replace HID systems up to 250w, ROCA boasts an EXTREME-LIFE rating of L70 at 473,000 hours, ensuring maintenance-free operation. Its Type V optics and durable, IP65-rated construction make it ideal for garages, parking structures, and security lighting.

“In 2025, these LED canopy lights combine precision engineering with innovative design, delivering reliable, customizable solutions for any application. From wildlife-friendly lighting to modern, field-configurable fixtures, this lineup ensures superior performance and efficiency, each excelling in specific categories and representing premium selections for the year,” said Access Fixtures’ CEO, Steven Rothschild.

“

In 2025, these LED canopy lights offer precision engineering, innovative designs, and customizable solutions, excelling in applications from wildlife-friendly to field-configurable fixtures.”

Steven Rothschild, CEO

With features like selectable wattages, Kelvin adjustability, anti-glare lenses, and wildlife-friendly options, these canopy light fixtures provide durable, energy-efficient illumination tailored to meet the needs of commercial and industrial projects.
