

Equator Introduces New Super-Slim 9-Bottle Wine Refrigerator Designed for Compact Spaces

HOUSTON, TX, UNITED STATES, January 3, 2025 /EINPresswire.com/ -- Equator Advanced Appliances is unveiling a new solution for wine lovers in need of space-saving appliances. The company's latest release, a super-slim 9-bottle wine refrigerator, is designed for smaller homes, apartments, or kitchens where space is limited but wine preservation remains important.

At just 32.28 x 5.90 x 20.66 inches (HxWxD), the new refrigerator fits neatly into tight spaces while offering capacity for up to 9 bottles of wine. The sleek touchpad controls and LED display provide easy access to its cooling system, which ensures precise temperature control. This advanced cooling system is ideal for those who want to maintain their wine collection in optimal condition, even in compact areas.

Equator Introduces New Super-Slim 9-Bottle Wine Refrigerator Designed for Compact Spaces

A standout feature is the customizable 7-color LED Mood Lighting, allowing users to create the perfect ambiance, from soft light purple to deep blue or rich red hues. These options make the refrigerator not only a functional appliance but a stylish addition to any room.

Safety features include anti-UV glass that protects the wine from damaging rays, while built-in alarms notify users of temperature changes or if the door is left ajar, preserving wine quality.

With a design that supports both freestanding and under-counter installations, the new wine refrigerator offers flexibility to suit a variety of spaces and setups. It is also equipped with

adjustable feet and a reversible door, enhancing its versatility.

Priced at \$479, the new super-slim wine refrigerator is available through Equator's official website, as well as retailers like Lowe's, Wayfair, Home Depot, and Amazon.
