“

One plant is enough to make a difference. We want to celebrate all gardens and every gardener. Let's continue cultivating beauty in our world.”

Peter Caldwell, Dalen Products

“For 50 years Dalen has had the pleasure of having our hands in the North American garden. When we first sowed the seed of our manufacturing in 1975, we weren't sure

how we would grow - or if we would even make it through the first season. Here we are, half a century later”, notes Peter Caldwell, Marketing Director at Dalen Products. “Like a garden, we are constantly in a state of change. While some of our products are perfect in their simplicity, we are driven to refine our work into innovative offshoots. As we spring headstrong into a new era of

gardening, we will always honor the roots that have nourished us for all these years. Our spirit of innovation is the fertile ground which allows us to flourish and thrive.”

Dalen Products plans to mark this momentous occasion with special initiatives throughout the year, including exclusive promotions, the launch of new, cutting-edge products, new kits to simplify the customer purchasing experience, stories from the company’s journey, and other activities to be announced. In addition, the brand has launched its Dalen Gardener Club Facebook group (<https://www.facebook.com/groups/dalengardeneer>), where like-minded gardening fans can share their tips, pictures, and more in a safe and

protected community. Altogether, these initiatives reflect the company’s dedication to fostering a love for gardening and environmental stewardship.
