

# R3 Stem Cell Opens New Location in BGC Area of Manila Philippines

*R3 Stem Cell recently opened a new location in Manila metro Philippines. The regenerative medicine clinic is in BGC and treats over 50 different conditions.*

MANILA, NATIONAL CAPITAL REGION, PHILIPPINES, January 10, 2025 /EINPresswire.com/ -- R3 Stem Cell recently opened a new location in Manila metro Philippines. The regenerative medicine clinic is in BGC and treats patients for over 50 different medical conditions.

After a decade providing stem cell treatments for over 25,000 patients in seven countries, R3 decided to upgrade its [stem cell clinic in Manila](#). The clinic offers regenerative therapies with stem cells and exosomes, with patients traveling from the entire Asian region for treatments with R3.

“

In Manila, patients love the fact there is a world class offering, R3 Stem Cell, that has been safely treating patients with amazing biologics for over a decade. Call today for a free consultation!”

*David Greene, MD, PhD, MBA*

According to R3 Stem Cell CEO David Greene, MD, PhD, MBA, "R3's goal is to provide top notch, safe regenerative therapies that are effective and affordable. While we see competitors popping up, our track record, attention to detail and focus on patient service is unparalleled! In Manila, patients love the fact there is a world class offering that has been safely treating patients with amazing

biologics for over a decade."

Over the decade, R3 Stem Cell has been treating patients successfully for autism, cerebral palsy arthritis, diabetes, stroke, multiple sclerosis, ALS, autoimmune disorders, ataxia, COPD, IBD, Parkinsons, ankylosing spondylitis and more. The treatment protocols are customized to each patient's unique needs and may include intravenous infusion, injection, nebulizer, intranasal, intrathecal or even topical. With a satisfaction rate over 85%, the customized protocols have been amazingly effective.

R3 [Stem Cell Philippines](#) makes travel very easy for patients and their families. R3 arranges ground transportation along with lodging. The new treatment center in BGC (Makati) has easy access with an elevator and several specialist providers who provide first rate stem cell therapies in Manila.

Any individual may receive a free consultation to see if stem cell treatment in the Philippines is indicated. Patients come to R3 Stem Cell Philippines from many countries. [Stem cell treatment in Australia](#) is not allowed yet, so the Philippines is a great option. And the same for Japan as well.

Dr. Greene added, "We want patients to feel comfortable with their stem cell treatments. With more experience than ANYONE else in regenerative medicine and an incredible safety track record, R3 Stem Cell Philippines is your best option!"
