

# Teaching Students to Use AI Responsibly: A New Service From Brainfuse HelpNow

*Brainfuse HelpNow for public libraries is proud to announce the launch of its newest service: AI Academic Integrity Tutoring.*

NEW YORK, NY, UNITED STATES,  
January 24, 2025 /EINPresswire.com/ --

With the introduction of ChatGPT and other large language models, schools have become increasingly concerned about students' over-reliance on AI tools. To help address this growing concern, [Brainfuse HelpNow for public libraries](#) is proud to announce the launch of its newest service: AI Academic Integrity Tutoring.

“

Our online tutors are here to guide students on how to integrate AI into their studies responsibly.”

*Francesco Lecciso, CEO*

This first-of-its-kind offering connects learners with experienced online tutors who specialize in teaching how to use AI tools to enhance learning while maintaining academic integrity.

Key Features of AI Academic Integrity Tutoring:

- Ethical AI Use: Gain a clear understanding of the boundaries between helpful support and academic misconduct.
- Brainstorming and Organization: Learn how to use AI to generate ideas and outline thoughts effectively.
- Critical Thinking: Develop skills to thoughtfully structure questions for meaningful results.
- Practical Applications: Discover how to integrate AI into study routines to improve comprehension, build confidence, and enhance your skills.

“AI can be a powerful tool to enhance learning, but it can impede it if misused. Our online tutors are here to guide students on how to integrate AI into their studies responsibly,” said Brainfuse CEO Francesco Lecciso. “This service isn’t just about using AI—it’s about using it thoughtfully to support genuine understanding, independent thinking, and academic honesty.”

Patrons can access AI Academic Integrity Tutoring through Brainfuse HelpNow’s Featured Services section. The service also includes an Online Resources hub with tips and strategies for making responsible and effective use of AI.

Whether students are just starting to explore AI tools or looking for ways to incorporate them responsibly into their studies, this service offers the guidance they need to use AI as a tool to support—not replace—their learning efforts.

The graphic features a woman with dark hair wearing an orange cardigan, sitting at a desk with a laptop. On the desk are a stack of books with a graduation cap on top, a blue pencil holder with pencils, and a small potted plant. In the background, there are two floating screens: the left one shows a purple person icon, and the right one shows a blue robot icon with the text 'Ethical Use of AI'. The background is light blue with white stars and dashed lines. At the bottom of the graphic is the Brainfuse HelpNow logo.
