

Upgaming Introduces New Mini Game - Raccoon

Upgaming unveils Raccoon, a thrilling mini game debuting at ICE Barcelona 2025. Players test their luck by uncovering raccoons or dead fish for the thrill

ZUG, ZUG, SWITZERLAND, February 7, 2025 /EINPresswire.com/ -- Enterprise [iGaming solutions](#) provider Upgaming has announced the release of its latest mini game, Raccoon. Designed for engaging and straightforward gameplay, Raccoon challenges players to uncover hidden surprises while testing their luck and strategy.

The game begins with 25 dustbins displayed on the screen. Player clicks on one of the bins to lift the lid and reveal what's inside. There's either a raccoon hiding in the bin or it stinks with the smell of a dead fish. A raccoon represents a win, while a dead fish signifies a loss. The game gives players a unique edge: they can set the number of dead fish per round, ranging from just one to a nail-biting 24. It allows them to tailor the level of risk, challenge and the multiplier itself. More dead fish means increased multiplier.

Upgaming will showcase Raccoon for the first time at ICE Barcelona, running from January 20 to 22, 2025. Attendees can visit Stand 4A35 to experience the game and explore Upgaming's mini games, which include popular titles like Dino and SpeedX. The award-winning mini game AERO, recognized as the "Best Crash Game of 2023" at the SiGMA Europe Awards, will also be featured.

Raccoon is available as part of Upgaming's mini game collection or through its comprehensive [casino game aggregator](#), which offers access to over 12,000 games.
