

# IMPORTANT NOTICE: IF YOUR FINANCIAL ADVISOR RECOMMENDED CROCS, INC. INVESTMENTS PLEASE CONTACT KT LAW

*KlaymanToskes Investigates on Behalf of Investors Who Were Recommended Crocs, Inc. Investments By Their Broker/Advisor*

NEW YORK, NY, UNITED STATES, February 4, 2025 /EINPresswire.com/ -- National investment loss and securities lawyers [KlaymanToskes](#) issues an important notice to investors who suffered significant losses in Crocs, Inc. (NASDAQ: CROX). The law firm urges customers of brokerage firms and financial advisors who suffered investment losses in excess of \$100,000 in Crocs, Inc. to contact the firm immediately at 888-997-9956. Investors with self-directed accounts who did not rely on the advice of a financial advisor are not eligible for our representation.

KlaymanToskes is investigating brokerage firms and financial advisors that recommended investments in Crocs, Inc. to their customers. On October 29, 2024, Crocs announced disappointing Q4 and FY 2024 financial results, attributing the underperformance to weak sales in its HEYDUDE operating segment. The company revealed that HEYDUDE's revenue growth in 2022 was largely driven by aggressively stocking third-party wholesalers and retailers following its acquisition in February 2022. Following this announcement, Crocs' stock price plummeted by \$26.47 per share, or 19%, on October 29, 2024.

Our investigation has led the law firm to believe that investment firms and their financial advisors may have failed to act in the best interest of their customers, and misrepresented the risk-factors related to investments in Crocs, Inc., in addition to failing to conduct due diligence on Crocs' investment offering, leading to unsuitable recommendations.

Financial advisors and their firms may be held liable for any losses incurred by their customers in the event of failure to act in the best interest of the customer, unsuitable investment recommendations, misrepresentations or omissions of material facts, and/or an overconcentration of the customer's portfolio in one particular investment, class, or market sector. Further, financial professionals and their firms cannot disregard a customer's risk-tolerance when making investment recommendations.

Depending on your circumstances, you may be entitled to recover your losses through FINRA arbitration, which may result in a greater and additional recovery to solely participating and waiting for any recovery in any class action lawsuit.

Investors who suffered losses over \$100,000 in Crocs, Inc. are encouraged to contact attorney [Steven D. Toskes](mailto:investigations@klaymantoskes.com) at (888) 997-9956 or by email at [investigations@klaymantoskes.com](mailto:investigations@klaymantoskes.com) in furtherance of our investigation. Investors with self-directed accounts who did not rely on the advice of a financial advisor are not eligible for our representation.
