by Renee Bingham

TOMAH, WI, UNITED STATES, February 11, 2025 /EINPresswire.com/ -- "Miracles in the Pits" is a compelling collection of real-life testimonies showcasing the divine intervention and supernatural power of God in the world of motorsports. Penned by multiple contributors and compiled by Gary and Renee Bingham, this book takes readers on a journey through miraculous stories of healing, provision, and life-changing encounters with God, all set against the backdrop of racetracks across North America.

For more than two decades, God Speed Ministry has served the racing community, witnessing and documenting extraordinary miracles. From terminal illnesses reversed to divine provision at the perfect moment, to receiving loved ones back from the brink of death, these stories offer readers an unwavering message of faith, hope, and inspiration. The authors' mission is to strengthen readers' faith and encourage them to experience their own encounters with God's grace and power.

This book was part of the 20th anniversary celebration for God Speed Ministry. The stories in this book were a collection sitting on the Renee's hard drive until Chaplain and author Richard Guy asked if she'd ever considered writing a book. The Holy Spirit had been nudging her to do it. With Richard's help the book was published. The purpose of sharing these stories is to inspire readers, strengthen their faith, and provide hope and encouragement in their own Christian journey.

Message from the Author

"May you God in these stories. May you come to know Him greater or meet Him for the first time. These stories come from our God encounters across the US and Canada. God is still the God of the Bible. He is still powerful. He still loves you unconditionally. He is greater than everything except your unbelief. May this book obliterate your unbelief. May you become a believing believer!"
