

NikoHealth Powers Innovation with Leading AI Integrations for DME Providers

NikoHealth Showcases AI-Powered DME Integrations at Medtrade 2025, Booth #1327, Driving Automation and Efficiency for Providers.

MIDDLETOWN TOWNSHIP, NJ, UNITED STATES, February 13, 2025

/EINPresswire.com/ -- [NikoHealth](#), a leading provider of cloud-based

DME/HME management software, is

establishing itself as the platform of choice for AI-driven solutions. Through its open and flexible API, [NikoHealth is enabling seamless integration with AI innovators](#) like Tennr, CompliantRx, Notable Systems, Celeritas, and Synthpop—creating an ecosystem of next-generation tools that streamline workflows, enhance patient care, and drive measurable growth for DME providers.

“

By partnering with leading AI companies, we’re building a connected ecosystem that empowers DME providers with smarter, faster solutions.”

*Michael Kutsak, CEO of
NikoHealth*

By integrating directly with NikoHealth, these AI partners enhance workflow efficiency and streamline operations, helping providers:

- Automate repetitive tasks, reducing manual effort and freeing up staff for higher-value work
- Streamline document processing and medical record reviews
- Minimize administrative burdens and accelerate revenue cycles

“At NikoHealth, we’re committed to fostering innovation and collaboration through seamless integrations,” said Michael Kutsak, CEO of NikoHealth. “By partnering with leading AI companies, we’re building a connected ecosystem that empowers DME providers with smarter, faster solutions. These integrations drive real results—enhancing efficiency, reducing administrative burden, and ultimately improving patient care.”

“NikoHealth’s APIs and opinionated workflows make for a seamless integration with Tennr. It’s allowed us to deliver next-level automations for our DME customers, which are eliminating referral backlogs, reducing claim denials, and ultimately growing their referring provider

networks,” said Trey Holterman, CEO of Tennr.

“Partnering with NikoHealth is a no-brainer for any AI company looking to integrate with one of the most innovative DME software platforms on the market,” said Samantha Jacobson, Chief Client Officer at Notable Systems. “Their open API and commitment to scalability make it seamless to deploy AI-driven automation, helping providers streamline operations and improve patient care like never before.”

NikoHealth will showcase its latest integrations and technology at Medtrade 2025, taking place from February 18-20, 2025, at the Kay Bailey Hutchison Convention Center in Dallas, TX. Attendees can visit Booth #1327 to connect with the NikoHealth team, explore live demos, and learn how the platform is transforming DME management with seamless technology and automation.

By fostering an ecosystem of integrated AI solutions, NikoHealth ensures DME businesses can ride the AI wave—reducing costs, improving operational efficiency, and delivering exceptional patient experiences.
