"I absolutely love Dr Brittani! I came in during my second trimester of being pregnant. The instant physical relief and balance I experienced in my body was exactly what I needed. Dr B also provides genuine care and support for being a mother and overall human being in this world. Everyone at Gonstead has been professional, helpful, friendly, and all around awesome. Can't recommend this place and team more highly!"

"Dr. Marcos is knowledgeable, technical, and skilled. He looks deep into the root of your problems and then creates a corrective plan. After two sessions I already feel much better, deepest back crack of my life. I have seen many chiropractors but so far am most impressed with him. His wife and the rest of the staff are very friendly and responsive."

"I received a professional, caring very helpful treatment. My neck and shoulder complain was totally resolved. Dr. Marcos Perivolaris at Gonstead Chiropractic of Sarasota, is a wonderful doctor and I would recommend him to everybody with any pain issue. His office staff is also polite, professional, pleasant."

"I tell everyone I know about Dr. Brittani and Dr. Marcos because their clinic is simply the best. Their system of analysis sets them apart and allows them to be as specific as possible with treatment, which for me, has made a huge difference in my overall health. My initial goal was to stop using Rizatriptan for migraines, which was achieved after only one month of adjustments with Dr. Marcos. My kids are under the care of Dr. Brittani, who handles their energy very well and my son especially is excited about going back. Both doctors spend their time finding the root cause and it's so refreshing being given healthy options rather than having more meds thrown at us that end up doing more damage. I am so thankful for everyone there, from the front desk to the doctors."

The Gonstead Chiropractic Clinic of Sarasota team consistently goes above and beyond for every patient.
