

Open IB Network Module: A New Era for Forex CRM Commission Management

CYPRUS, February 21, 2025

[/EINPresswire.com/](#) -- [FX Back Office \(FXBO\)](#), a leader in forex [CRM](#) solutions, has announced the launch of its new Open Network IB Module, a game-changing feature for brokers. This latest update introduces unparalleled flexibility in commission management while empowering clients to select their preferred introducing broker (IB) when opening a trading account.

This upgrade represents a significant leap forward in the forex industry, providing transparency and operational efficiency for brokers. Brokers can now pay IB commissions directly from the Client's IB tree, streamlining transactions and optimizing the overall experience. The

module also offers a range of customizable configurations, whether by account or by manager, ensuring it meets the diverse needs of brokers and their unique business requirements.

"This feature to our forex CRM marks a significant step forward in transparency and efficiency," added Dmitriy Petrenko, CEO of FXBO. "We are committed to providing innovative solutions that drive success for our clients."

The Open Network IB Module focuses on flexibility and simplicity with key features such as:

Direct IB commission payments via the Client's IB tree.

Flexible configurations by account or manager, catering to unique broker preferences.

Enhanced client autonomy by allowing them to choose their preferred IB at the time of account creation.

This innovation underlines FXBO's dedication to delivering tools that align with evolving industry demands, helping forex brokers succeed in an increasingly competitive market.

Brokers can upgrade their CRM with Open Network IB today and take advantage of features that enhance transparency, strengthen client relationships, and streamline IB payments.
