

OnPage to Showcase New Capabilities for its Critical Communications and Collaboration Platform at HIMSS 2025

OnPage executives will demonstrate how healthcare teams can streamline critical communication workflows, strengthen incident response & improve patient outcomes

WALTHAM, MA, UNITED STATES,

February 25, 2025 /EINPresswire.com/ -- WHAT: [OnPage Corporation](#), a provider of an advanced, secure critical communication and collaboration platform that ensures urgent alerts are never missed, will exhibit at the 2025 HIMSS Global Health Conference & Exhibition (Booth #2246). OnPage will present five new capabilities for its [all-in-one, HIPAA-compliant clinical communication platform](#), designed to streamline workflows, improve efficiency and enhance collaboration in critical communication scenarios.

Attendees are invited to visit OnPage's booth (#2246) to experience live demonstrations of the new capabilities and learn how they can enhance operational efficiency and collaboration. OnPage's team will be available to discuss the platform's strengths and answer questions. In addition, the team will host a live cookie station at the booth on Tuesday, March 4, from 2 to 5:30 p.m. PT, serving freshly baked chocolate chip cookies to attendees.

About OnPage's new capabilities:

Multiple Logins: Users can now manage up to three separate OnPage accounts on a single device, facilitating seamless transitions between organizations while maintaining data security.

Compose a Message from a Template: Enterprise administrators can create and synchronize standardized message templates across all users' mobile devices, ensuring clear and consistent communications.

Message Notes: This functionality allows individuals or groups of users to annotate messages with private notes from OnPage mobile app, enhancing documentation, event reporting and communication by providing context, follow-up actions and reminders.

Microsoft Teams Integration: OnPage's integration with Microsoft Teams enables users to initiate, acknowledge and respond to alerts directly within the Teams environment, reducing response time and enhancing collaboration.

AI-Powered Reporting: This feature automates post-event reviews by analyzing incident details and generating comprehensive reports, eliminating manual documentation and providing actionable insights.

WHEN:

March 4 - 6, 2025

WHERE:

OnPage Booth #2246 at the 2025 HIMSS Global Health Conference & Exhibition

The Venetian Convention & Expo Center

201 Sands Ave.

Las Vegas, NV 89169
