

# The Latest Construction Innovations and Industry Insights - February 26, 2025

*Peer-to-peer digital content sharing for construction and building professionals*

SUNDRE, ALBERTA, CANADA, February 26, 2025 /EINPresswire.com/ -- Since its establishment in 2003, Construction Links Network has emerged as a premier news and information hub in the construction sector. With a commitment to enhancing the digital presence and search engine visibility of its members, Construction Links Network has become an indispensable resource for a wide array of professionals. This includes construction managers, contractors, developers, building and property managers, architects, designers, engineers, and government officials.

As a dynamic hub for digital content dissemination, Construction Links Network offers its members diverse engagement opportunities through news releases, company announcements, blogs, podcasts, webinars, case studies, whitepapers, and videos.

This week's featured video, courtesy of EllisDon, showcases a major milestone in the construction of the new Surrey Hospital & BC Cancer Centre. In December 2024, EllisDon completed the first raft slab pour, a critical foundation achievement. Over 11 hours, 3,898 cubic metres of concrete were placed using 410 trucks and 6 pumps, reinforced with 12 layers of steel.
