

Terminal Exchange Services Expands Across Texas, Strengthening Security Network in State Surging with Cargo Theft

Cargo theft statistics are grim nationwide, and particularly in Texas where the incidence rate jumped 39% in 2024. TXS Inc expanded to 244 secure TX locations.

HOUSTON, TX, UNITED STATES, March 3, 2025 /EINPresswire.com/ -- Terminal Exchange Services expanded its presence across [Texas](#), reinforcing its position as the premier solution for fleet and logistics operators. TXS now boasts 244 locations throughout the state, strategically positioned in Dallas, Houston, San Antonio, Austin, Laredo, Fort Worth, and El Paso, among other major transportation hubs.

Texas plays a vital role in the national supply chain, serving as a primary corridor for freight movement, intermodal shipping, and cross-border trade. The state has also suffered a massive increase in cargo theft incidences: In 2024, successful thefts increased a painful 39% in Texas, one of the worst in the nation. With this expansion, TXS hopes to increase access to highly secure facilities to stressed carriers, along with unmatched accessibility to major trucking routes, including I-10, I-20, I-35, I-45, and I-69, ensuring carriers have secure and convenient options to stage and store equipment in one of the busiest logistics states in the country.

“Our Texas expansion is about serving the needs of the modern supply chain in the current reality,” said JonPaul Harwood, CEO of Terminal Exchange Services. “Load and cargo theft has exploded in Texas recently and is only getting worse. With 244 locations across the state, we’ve built a secure network that ensures fleets, logistics providers, and intermodal carriers have access to 24/7 secure storage, vetted facilities, and strategic positioning near key freight corridors. TXS is more than just a parking provider—we are an operational partner, making fleet
