

# DruvStar Secures Second US Patent for Advanced ML/AI Platform in Data Security and Compliance

*Next-Gen AI Platform Revolutionizes Data Access Monitoring and Breach Prevention in High-Risk Sectors*

LAS VEGAS, NV, UNITED STATES, March 6, 2025 /EINPresswire.com/ -- [DruvStar](https://www.einpresswire.com/press-releases/druvstar-secures-second-us-patent-for-advanced-ml-ai-platform-in-data-security-and-compliance),

a leader in innovative cybersecurity solutions, has announced the approval of its second US patent, further solidifying its position in the data security and compliance sector. The company received a Notice of Allowance for U.S. Patent Application No. 17/635,699, titled "SYSTEMS, DEVICES, AND METHODS FOR OBSERVING AND/OR PERFORMING DATA ACCESS COMPLIANCE TO A COMPUTER NETWORK."

“

Approval of this patent marks a significant milestone in our journey to revolutionize data security, underscoring our commitment to developing technologies that address evolving challenges.”

*Manjit Gombra Singh*

This latest patent builds upon DruvStar's existing intellectual property portfolio, including their first patent (No. 11,575,702) issued in February 2023. The new patent focuses on enhancing the company's ML/AI platform capabilities in observing and enforcing data access compliance within computer networks.

Manjit Gombra Singh, Founder and CEO of DruvStar, stated, "Approval of this patent marks another significant milestone in our journey to revolutionize data security. It

underscores our commitment to developing cutting-edge technologies that address evolving data security and compliance challenges.”

DruvStar's ML/AI patented technology includes:

1. Advanced data access compliance monitoring
2. AI-driven analysis of network behavior
3. Real-time threat detection and policy enforcement
4. Enhanced protection against both intentional and unintentional data breaches

This innovation has wide-ranging applications across multiple industries, including:

- iGaming and Sports Betting
- Casino Operations
- Healthcare
- Hospitality
- Finance
- Government

DruvStar operates its certified Security Operations Center globally and is headquartered in Las Vegas, providing 24/7 insights into cyber threats. With this new patent, the company strengthens its ability to offer enterprise-grade cybersecurity and data safety solutions to businesses of all sizes.

#### About DruvStar

DruvStar delivers advanced AI-powered cybersecurity solutions, protecting businesses from evolving cyber threats with a holistic governance and risk management approach. Operating from our Vegas-based SOC, we provide 24/7 protection, offering unparalleled data observability and compliance capabilities, strategic cybersecurity governance, proactive threat detection, and rapid incident response. Specializing in the unique needs of the Gaming, Tribal, and Healthcare industries, DruvStar combines cutting-edge ML/AI with over 100 years of collective experience to provide tailored cybersecurity solutions.
