

Horses.vn Looks To Partner with Competing Ranches to Expand Across Vietnam

Vietnam Equestrian Club Wants To Partner With Ranches Across The Country

DA NANG, HOI AN, VIETNAM, March 10, 2025 /EINPresswire.com/ -- Horses.vn, a leading equestrian platform in Vietnam, is excited to announce its intention to build partnership with competing horse ranches in an effort to expand its services across the country. This collaboration will allow Horses.vn to meet the increasing demand for horse riding experiences in Vietnam, as more and more people are seeking out this unique and exhilarating activity.

According to Scott Smiledge, founder of Vietnam Equestrian Club, the demand for horse riding experiences in Vietnam has been steadily increasing.

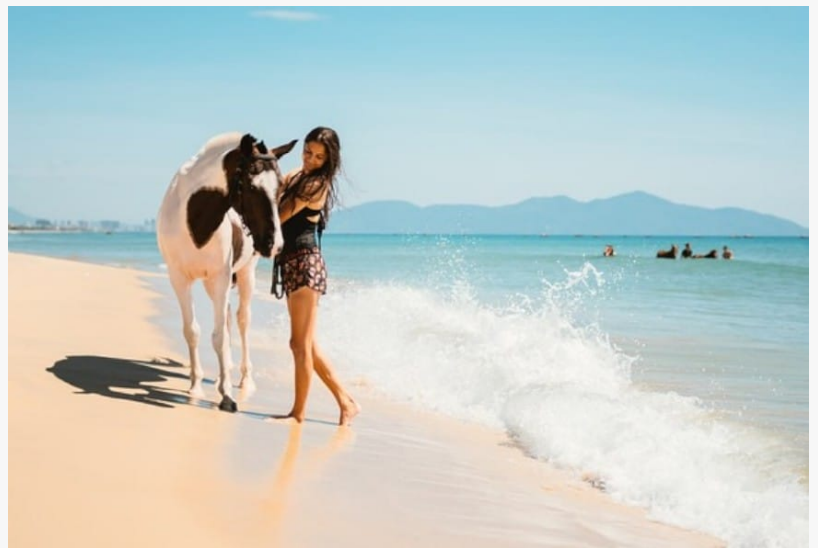

"We receive hundreds of requests per day from people all over Vietnam who are interested in going horse riding," says Smiledge. "It only makes sense for us to use our technology to connect these customers with a service provider in their area."

Currently, Horses.vn has its own horse ranch in Da Nang / Hoi An, offering a variety of horse riding experiences for both locals and tourists. However, with the new partnership, the platform will be able to offer its services in other cities and provinces across Vietnam. This expansion will not only benefit customers by providing them with more options, but it will also create opportunities for local horse ranches to grow and thrive.

Horses.vn is committed to promoting the equestrian industry in Vietnam and providing top-quality horse riding experiences for all. With this new partnership, the platform hopes to make

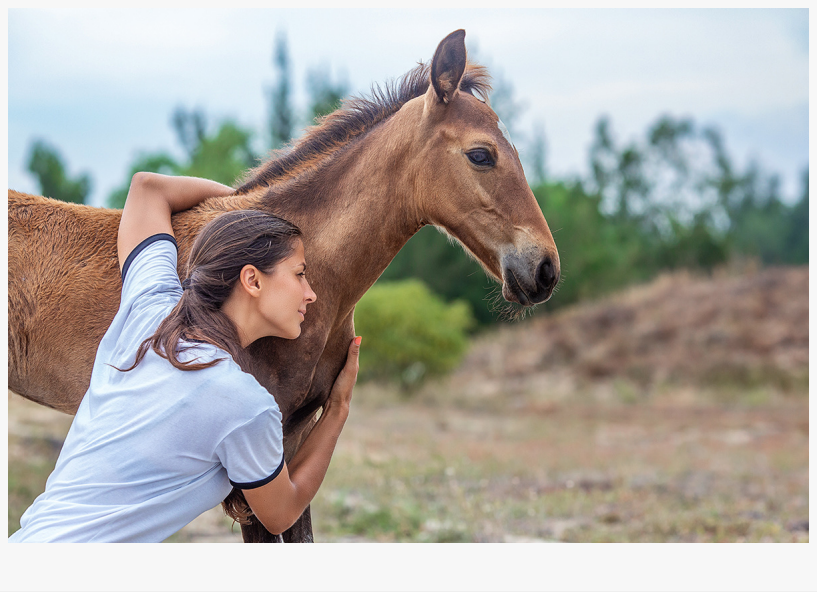

Vietnam Equestrian Club

horse riding more accessible and popular throughout the country. Customers can look forward to a seamless booking process and exceptional service, while local ranches can expect increased business and exposure.
