

# Compassion Beyond Borders: LIFE Extends Ramadan Relief to 39 Nations

*Life for Relief and Development (LIFE) Distributes Humanitarian Aid to Thousands Across the Globe this Ramadan Season*

SOUTHFIELD, MI, UNITED STATES, March 19, 2025 /EINPresswire.com/ -- Ramadan is a month of generosity, compassion, and unity, where charity becomes a cornerstone of daily life. One of the most cherished traditions during this month is distributing food and aid to those in need. The wealthy and fortunate take it upon themselves to support the less privileged, ensuring that no one goes hungry as they break their fast. Communities come together to share meals, fostering a deep sense of love, solidarity, and cooperation. Families and organizations arrange food gatherings where rich and poor sit side by side, breaking bread as equals.

This collective spirit of giving alleviates hardship and strengthens bonds between people, reminding everyone of the importance of empathy, kindness, and shared humanity. Through these acts of charity, Ramadan becomes a time of spiritual and social renewal, reinforcing the values of generosity and unity extending beyond the month.

During this Ramadan, [Life for Relief and Development](#) (LIFE) reaffirms its commitment to global

humanitarian aid by distributing carefully prepared food baskets and warm meals to hundreds of thousands of families across 39 countries. This initiative alleviates the hardships faced by those in financial distress and fosters a sense of unity and community during the holy month. Recognizing cultural differences, LIFE tailors its support to local traditions, providing food baskets for families who prefer to break their fast at home and offering hot meals for those who gather with their communities.

“In such moments, we often emphasize how charity transforms recipients' lives, but it also profoundly impacts donors,” said Dr. Hany Saqr, CEO of LIFE. “Fulfilling their responsibility and witnessing the gratitude of those they help brings a deep sense of fulfillment, shaping them in meaningful ways,” he continued.

Headquartered in Southfield, Michigan, USA, LIFE is a global humanitarian organization committed to delivering aid regardless of race, gender, religion, or cultural background. As a registered 501©(3) non-profit with Consultative Status at the United Nations Economic and Social Council, LIFE continues to serve as a beacon of hope for communities around the world.
