

Louisiana Mesothelioma Victims Center Urges the Family of a Former Electrician with Mesothelioma or Lung Cancer in Louisiana to Call the Gori Law Firm-Expect a Much Better Financial Compensation Result

NEW ORLEANS , LA, UNITED STATES, March 27, 2025 /EINPresswire.com/ -- The Louisiana Mesothelioma Victims Center is urging the family or loved ones of a former electrician anywhere in Louisiana who has just been diagnosed with mesothelioma or lung cancer to please call the Gori Law Firm at 866-532-2106 for a discussion about financial compensation. The Gori Law Firm has an office in New Orleans, they are literally one of the nation's most skilled mesothelioma and asbestos exposure lung cancer law firms and they consistently produce significant compensation results for their clients.

The group says, "Electricians were at extreme risk for asbestos exposure before the mid-1980s because there were no prohibitions for asbestos exposure at work before 1983. An electrician might have been exposed to asbestos at a residential or commercial building, at a factory, power plant, refinery, shipyard, or on a jobsite. In some instances, the electrician was making emergency repairs, so they were not concerned if they were being exposed to asbestos or not.

"If you are an electrician with just diagnosed mesothelioma or their family in Louisiana, please call the Gori Law Firm about financial compensation at 866-532-2106. We have endorsed and we recommend the Gori Law Firm for people with mesothelioma or asbestos exposure lung cancer in Louisiana." www.gorilaw.com
